

Birth Control Counseling Survey

Frequently Asked Questions

What is this survey about?

CLINIC NAME wants to hear about your experience talking with your provider about birth control. The survey asks you about how talking to your provider about birth control went and a few questions about you, like your age.

Why am I being asked to take this survey?

We give this survey to anyone who talked to their provider about birth control during their visit. This information helps us to provide you with the best care we can.

Will my answers be confidential?

Yes, your answers are completely confidential. That means we keep them private and no one at the health center will see your individual answers.

Who will see my answers?

A member of **CLINIC NAME** staff records all of the survey answers but does not see who answered each survey. The responses are anonymous, meaning there is no name associated with the answers. The rest of **CLINIC NAME** staff will see the overall results of everyone who answered the survey but do not see any individual responses.

When do I need to do the survey?

Please complete the survey after your visit today.

Do I have to do the survey?

No, it is your decision if you want to fill out the survey or not. It will not affect your care if you decide not to take the survey.

Who can I contact if I have questions or concerns?

You can contact **POINT PERSON** at **CLINIC NAME** at **CONTACT INFO**.
